

Frequently asked questions

Who Is Lunch ON THE GO?

Lunch On The Go Catering was founded 9 years ago by a mother who had been in catering for years and knew healthier, kid-friendly food could be provided for a reasonable price. Lunch On The Go Catering currently provides lunch for 6 schools. Visit their website for more details.

What if I decided that my child needs to buy lunch and I did not sign up for that day?

You can order a 'late lunch' with 48 hours notice. You will not be able to order the main entrees but you will be able to order a sub sandwich or salad. The website will have more information.

What other companies did you look at to provide lunches?

We looked at Love-a Lunch, Mile High catering, Our Kids Our School, Revolution foods and Lunch on the Go. After many hours of looking, tasting, asking questions, and checking references Lunch On The Go Catering won hands down. We feel you will agree.

Who will be serving the food?

Lunch On The Go Catering will provide the same staff member to serve the food daily. This employee will get to know the students including who has food allergies. There will also be school volunteers helping with milk distribution, cleaning, and general lunch room monitoring.

What if my child has food allergies? Who do I contact with questions?

Please call Lunch On The Go Catering at 720-870-8464 or email at lunchonthego@msn.com. Please add school, student's name, grade, and 'lunch' in the subject line.

How many choices will we have for each meal?

There will be 4 choices per day. One hot entrée that changes daily without repeating for 7 weeks, a ham sub sandwich, turkey sub sandwich, or chef salad. See menu for further information.
